Albemarle Regional Health Services is seeking proposals from qualified distributors for the purchase and installation of one (1) 10' x 70' steel platform truck scale and associated electronic controls for the Perquimans Chowan Gates Landfill located at 759 Perry's Bridge Road, Belvidere, NC 27919.

The selected vendor will furnish, deliver, install, test, calibrate, certify, and place into service one complete truck scale system at the tri-county landfill facility in Belvidere. The award is intended to provide a complete, operational, legal-for-trade weighing system, including all labor, materials, equipment, permits, coordination, training, documentation, and incidental work required.

All construction activities for installation of the scale must be performed when the landfill is closed on Saturday or Sunday and made available for use the following Monday no later than 7:00 am.

Bid Release Date: *November 10, 2026*
Pre-Bid Site Visit: *No mandatory on-site meeting required. The submission of a bid will assume that the contractor has fully examined the site and knows the existing conditions and has made every provision for operating under the existing conditions, and has included all necessary items in the bid proposal.*
Bid Submission Deadline: *December 9, 2026, 3:00 pm.*
